Summary

Passionate Frontend Developer skilled in building responsive and user-friendly web applications using modern technologies like HTML, Tailwind CSS, JavaScript, and React with a focus on delivering high-quality code and exceptional user experiences

Experience

Loanyfy

Frontend Developer Intern

Gurugram, Haryana

Jul 2025 – Present

- Built and maintained responsive, user-friendly web interfaces using **React.js, Tailwind CSS, and JavaScript**.
- Integrated **APIs** for dynamic data fetching and displayed results with optimized performance.
- Collaborated with designers and backend developers to implement **end-to-end features**.

Skills

Languages: C, C++, HTML, JavaScript

Libraries: React Js

Frameworks: Tailwind, CSS

Platforms: Notepad++, VS Code

Education

United Institute of Technology

Bachelor of Technology in Computer Science Engineering

(2021 - 2025)

6.91 CGPA

SIVSEVA HSS BASHMAHUA SAHSON PRAYAGRAJ

12th U.P Board

(2019 - 2020)

63%

SIVSEVA HSS BASHMAHUA SAHSON PRAYAGRAJ

10th U.P Board

(2017 - 2018)

75.83%

Projects

Nokryfy.com

- Designed and developed a job portal platform where companies can post jobs and students can apply seamlessly.
- Built frontend using **React.js, Tailwind CSS, and JavaScript** with a fully responsive design.
- Integrated **REST APIs** for job postings, applications, and user management.
- Created **job listing dashboard** for recruiters to post, update, and track applications.

Organyfy.com

- Developed a **responsive e-commerce platform** for selling organic food products using **React.js and Tailwind CSS**.
- Implemented **product listing pages** with search, filter, and category-based navigation.
- Designed **shopping cart and checkout flow** with smooth UI/UX.
- Built **reusable UI components** like cards, modals, and forms to maintain consistency.
- Integrated **REST APIs / mock backend** for product data, cart, and order management.

Weather Forecasting 🔗

React / CSS

- Developed a system for submitting applications with document attachments.
- Developed a weather forecasting app using physics-based models and statistical techniques.
- Implemented accurate data processing to ensure reliable weather predictions.
